

Contract No. HY/2019/13

Central Kowloon Route – Buildings, Electrical and Mechanical Works (BEM)

7 March, 25 April, 23 May, 15 June 2023

Buildings, Electrical and Mechanical Works –
“Air Purification System” STEAM Workshop for Buddhist Chi King Primary School

The Central Kowloon Route – Buildings, Electrical and Mechanical Works project team organised four “Air Purification System” STEAM Workshops for the Primary 5 students from Buddhist Chi King Primary School from March to June 2023. Through the presentation of engineers, making air purifier DIY models and filling out worksheets, students learned about the engineering design and technical applications of the Central Kowloon Route and the future highways development of Hong Kong.

大樓及機電工程 – 佛教慈敬學校參與「空氣淨化系統」STEAM 工作坊

中九龍幹線—大樓及機電工程團隊於 2023 年 3 月至 6 月為佛教慈敬學校小五學生舉辦了四場「空氣淨化系統」STEAM 工作坊。同學們在活動中透過工程師的講解、親手製作空氣淨化機模型和填寫工作紙等，了解中九龍幹線的設計及技術應用，同時認識了香港未來的道路發展。
