Central Kowloon Route – Central Tunnel, Buildings, Electrical and Mechanical Works

10 November 2023

**Central Tunnel, Buildings, Electrical and Mechanical Works –  
“Excavator” STEAM Workshop for The Boys' & Girls' Clubs Association of Hong Kong**

The Central Kowloon Route – Central Tunnel and Buildings, Electrical and Mechanical Works project teams organised an "Excavator" STEAM Workshop for primary school students from The Boys' & Girls' Clubs Association of Hong Kong on 10 November 2023. During the workshop, engineers gave presentations, and students had the opportunity to make DIY models of excavators. This enabled the students to learn about the engineering design and tunnel blasting works of the Central Kowloon Route as well as the future highway development of Hong Kong.

**中九龍幹線、大樓及機電工程 – 香港小童群益會參與「挖土機 STEAM 工作坊」**

中九龍幹線—中段隧道、大樓及機電工程團隊於 2023 年 11 月 10 日為香港小童群益會舉辦了「挖土機 STEAM 工作坊」。一班小學生在活動中透過工程師的講解和親手製作挖土機模型等，了解中九龍幹線的設計及及認識隧道爆破工程，同時認識了香港未來的道路發展。
