

Contract No. HY/2018/08 & HY/2019/13

Central Kowloon Route – Central Tunnel, Buildings, Electrical and Mechanical Works

15-16, 22-23 Jan 2023

**Central Tunnel, Buildings, Electrical and Mechanical Works –
“Air Purification System” STEAM Workshop for Buddhist Chi King Primary School**

The Central Kowloon Route – Central Tunnel and Buildings, Electrical and Mechanical Works project teams organised four "Air Purification System" STEAM Workshops for Primary 5 students from Buddhist Chi King Primary School in January 2024. During the workshops, students engaged in a detailed presentation, crafted DIY air purifier models, and completed worksheets. They gained knowledge about the engineering design of the Central Kowloon Route, the operation of its ventilation buildings, and the future highway development of Hong Kong.

中段隧道、大樓及機電工程 – 佛教慈敬學校參與「空氣淨化系統」STEAM 工作坊

中九龍幹線—中段隧道、大樓及機電工程團隊於 2024 年 1 月份為佛教慈敬學校小五學生舉辦了四場「空氣淨化系統」STEAM 工作坊。同學們在活動中透過詳細講解、親手製作空氣淨化機模型和填寫工作紙等，了解中九龍幹線的設計及其通風大樓的運作，同時認識了香港未來的道路發展。
