

Contract No. HY/2014/07
Central Kowloon Route – Kai Tak West

26 October 2019

KTW – Site Visit by HKIE YMC

A visit to “Central Kowloon Route” – Kai Tak West Project by The Hong Kong Institution of Engineers Young Members Committee (HKIE YMC) was held on 26 October 2019.

Site visit involved a presentation from the project team, a safety briefing and a tour of the project. Visiting a construction project allows committees to develop a greater understanding of how civil engineering theory is put into practice.
