“Straighten Up Kids” Flag Day

The Central Kowloon Route (CKR) project team has been a longstanding supporter of the Children Chiropractic Foundation, and this year marks their fourth participation in the "Straighten Up Kids" Flag Day. All volunteers showed great enthusiasm in raising public awareness about spinal health, and extending their support to children in need.

The Flag Day took place on 2 August 2023 (Wednesday). Volunteers gathered in Ma Tau Kok and Kwun Tong to raise funds, promote spinal check-up services, and increase public awareness of spinal health. The CKR project team extends heartfelt appreciation to the volunteers, colleagues, and donors who generously supported this meaningful event.
